Easy to sign up. Easy to use

Registration is easy if you have a cell phone that supports text messaging and are already set up to access Casera's CU@HOME online banking. If you don't have an online banking account, contact your branch and we'll help get you set up.

Just register your cell phone online at CU@Home (have your phone handy). Click on the 'Profile' link at the top of the page, click on the button that says 'Mobile Banking' and follow these four steps.

1st Step

Read and accept the user agreement by clicking 'I Agree.'

2nd Step

Register by keying in your cell number, including area code and then select your Canadian carrier. Click 'Continue.' Please wait for a text message that contains your passcode before proceeding to step 3.

3rd Step

Enter your temporary passcode. Click 'Continue.'

4th Step

Select one primary account and up to five mobile accounts. Beside account names you will see a column labelled 'nicknames.' You'll be able to provide a nickname for each account. Please ensure that all nicknames are within three to five characters in length.

Click 'Confirm.' You are now signed up for mobile banking.

Please note, at the top of the CU@Home web page you'll find buttons that allow you to disable or delete a cell phone that has been registered. At the bottom of the web page is an edit button that allows you to edit your choice of accounts at any time.

If you are having difficulty, please view the demonstration on our website, or contact your branch for assistance.
